

The search continues for Fish & Chip Shop opportunities for Starfish Restaurants!

Trafford Oliver is fully retained by Starfish Restaurants to acquire A5 hot food takeaway retail units for their ongoing expansion.

Starfish Restaurants was established in 1976 and, having opened dozens of Fish & Chip Shops since then, has now become one of the country's leading fish and chip shop operators.

The last 15 months or so have been very busy with units being opened in Neighbourhood Retail Parades in:

- Lawley, Telford
- Tividale, Oldbury
- Sinfin, Derby
- Stapleford, Nottingham

The area of search remains anywhere within 100 miles of Birmingham, with the details of the requirement set out in the attached circular. The focus is very much on neighbourhood retail parades and locations with strong residential catchments.

Charles Trafford said:

'Our clients are seeking to accelerate their opening programmes as we continue to look for more opportunities throughout the Midlands Region. The area of search is basically anywhere within 100 miles of Birmingham, and we are looking for highly prominent units of 750 – 1,500 sq ft in neighbourhood centres; densely populated areas; close or adjacent to convenience stores and on arterial routes. This is a genuine and urgent requirement and we can guarantee a speedy decision making process.'

Further information on what we are looking for can be found by clicking [here](#)

'In addition, my client also has substantial funds available for roadside retail development sites throughout the area of search'.

Trafford Oliver would be delighted to hear from anyone with any suitable opportunities.
